**CDBG – Rebuild Florida Infrastructure Repair Program**

To Whom It May Concern,

During the Board of County Commissioners Workshop held June 8, 2020 Public Works presented a grant opportunity. On March 28, 2020 Department of Economic Opportunity has allocated an additional \$100,229,945 in infrastructure repair funding through the CDBG-DR program to address unmet disaster recovery needs related to damage from Hurricane Irma through a second application cycle.

Putnam County Public Works will be applying for repair funding to address bridge #764002 over Fish Creek on County Road 209 (West River Road).

Any public comments in reference to this application submission must be made by June 29, 2020.
