Definitions

***Permit Extension** – An extension granted by the Building Official of 180 days based on an active permit without an approved inspection in the last 180 days. Projects must show progress, maintain safe conditions, and be protected from damage and the elements. Projects without an approved inspection for 365 days or more will not qualify for an extension and a renewal fee will be required.*

***Permit Renewal** – The reactivation of a permit that has been expired for 180 days or less. The renewal fee is based on the prorated formula in this section.*

***Permit Reissue** – The issuance of a new permit when the previous permit has been expired for more than 180 days.*

Section X Permit Fee Waivers

Permit fees may only be waived by the Board of County Commissioners, except for the following:

1. Demolition permits for a dwelling destroyed by fire.
2. Building permits for residential wheelchair ramps.
3. Permit fees may be waived or reduced by the Director of Planning and Development Service upon demonstration of financial hardship by the applicant and the necessity of the permit to cure an unsafe condition or resolve a violation of Codes.
4. Fees waived by Florida Statute.

Section XI Building Official Fee Adjustments

At the Building Official's discretion, a building permit fee may be adjusted when the fee is inconsistent with the required level of service provided or as required by Florida Statute. Adjusted fees shall be based on established methods provided within this resolution by applying a credit for services not provided to the permit fee; or by using the contract price as the building valuation cost; or a fee up to 1% of the total square foot value calculated from the Building Valuation Data table shown in this resolution. The Building Official must provide written documentation and an explanation of the reduction to be permanently archived with the permit file.

**Section XII

PUTNAM COUNTY HEALTH DEPARTMENT FEES

The majority of fees listed herein are and are considered maximum charges-Where able, these amounts shall be adjusted on a sliding scale based upon the income and family size of the recipient of the service. Fees established by the Putnam County Board of County Commissioners are marked with an asterisk (*); and are flat fees.

Due to the enormous number of procedure codes available for routine health care; services and the constant addition of new tests and procedures brought forth by the advance of medical science, Putnam County adopts by reference those charges set forth under the State of Florida Medicaid Reimbursement Rate, plus twenty percent (+20%), as they may be amended from time to time by the Putnam County Health Department for those primary care services; for which there are no specific fees set herein.

For those services where a State of Florida Medicaid Reimbursement Rate is not defined:

1. Medical supplies, drugs, vaccines, and other consumable medical goods; our cost to procure the medical supply will be assessed.
2. Medical services such as surgical procedures, laboratory fees, X-rays, and other diagnostic services; prevailing market negotiated rate for the medical service provided will be assessed.

Personal Health Services

Family Planning Exams – The fee will be derived by considering the type of visit, the client sliding fee group (which is calculated at eligibility determination) based on Federal Poverty guidelines, and no less than the State Medicaid Rate plus twenty percent (20%). Eligible Medicaid Coverage will be accepted as full payment in lieu of charges.

Family Planning Supplies The fee will be our cost of the supply at prevailing market price.

Dental Services - The fee will be derived by considering the type of visit, the client sliding fee group (which is calculated at eligibility determination) based on Federal Poverty guidelines, and no less than the State Medicaid Rate plus twenty percent (20%). Eligible Medicaid Coverage will be accepted as full payment in lieu of charges.

Laboratory testing - The fee will be derived by considering the type of lab requested, the client sliding fee group, which is calculated at eligibility determination, based on Federal Poverty Guidelines. A lab draw fee of \$15.00 will also be applied for each visit to the client sliding fee group; (which is calculated at eligibility determination); based on Federal Poverty Guidelines.

Community Public Health Services

Fee for Waste Disposal

Putnam County Landfill and Convenience Centers

Assessed Resident Disposal

Residents that have paid the Solid Waste Special Assessment may bring household garbage, horticultural trash (regular yard maintenance), and bulky waste (all items that are picked up curbside according to the Solid Waste Contract) to the County disposal facilities at no additional charge. (See list of exempt wastes that will be charged) Proof of Residential Assessment must be provided (tax bill, utility bill, or a lease agreement for renters) along with a valid driver's license or photo ID to match the residential address.

Residents may also dispose of 5 car tires per year, household hazardous waste, and used motor oil at no charge.

Landfill (except as above)

Residential customers will be charged \$24.00 per ton for the disposal of waste with a \$5.00 minimum charge. Commercial customers will be charged \$34.00 per ton for the disposal of waste with a \$5.00 minimum charge. Tires will be charged at \$210.00 per ton. The weight and resulting fee will be determined by the landfill scale.

Convenience Centers (except as above)

All customers will be charge by the cubic yard for waste disposal with a \$5.00 minimum charge. The rates will be as follows:

	Residential	Commercial
Household Garbage -	\$0.00 per cubic yard	\$15.00 per cubic yard
Horticultural Trash -	10.00 per cubic yard	\$15.00 per cubic yard
Construction Debris -	\$10.00 per cubic yard	\$15.00 per cubic yard

Tires will be charged at the rate of \$5.00 per car and light truck tire, \$10.00 per commercial (semi) truck tire, and \$15.00 per heavy equipment off road tire. Tires brought in with a rim will incur an additional \$10.00 fee for rim removal.

ALL COMMERCIAL VEHICLES are charged and any known commercial loads (whether commercial vehicle or private vehicle) are charged as well, regardless of type of debris.

CONSTRUCTION AND DEMOLITION DEBRIS is not covered in the Assessment; therefore, is charged to both residential (after allowance has been met) and commercial loads.

RESIDENTAL YARD WASTE greater than 4" in diameter and longer than 6' in length is not covered in the Assessment; therefore, is charged to the resident (after allowance has been met).

ANNUAL ALLOWANCE FOR ASSESSED RESIDENTS FOR NON-ASSESSED WASTE IS AS FOLLOWS:

Construction and Demolition Debris	2,000 lbs *
Yard Waste	4,000 lbs *

*Central Landfill Only

Exempt Wastes and Recovered Materials

The following types of Exempt Waste are not subject to the Contractor's exclusive franchise under this agreement. These Exempt Wastes may be collected by the owner or occupant of the Improved Property where the Exempt Waste is generated, or by their agent, and taken to any Solid Waste Management Facility or other facility that is licensed to receive such materials. Exempt wastes will be charged at any of the landfill facilities.

- (a) Land Clearing Debris
- (b) Yard Waste generated by a Commercial Lawn Care Company or plant nursery, or residential yard waste greater than six (6) feet in length and four (4) inches in diameter
- (c) Roofing materials generated, collected, and transported by a roofing company
- (d) Construction and Demolition Debris. *Construction and demolition debris* means discarded materials generally considered to be not water soluble and non-hazardous in nature, including but not limited to steel, glass, brick, concrete, asphalt material, pipe, gypsum wallboard, and lumber, from the construction or destruction of a structure as part of a construction or demolition project or from the renovation of a structure, including such debris from construction of structures at a site remote from the construction or demolition project site. The term includes rocks, soils, tree remains, trees, and other vegetative matter that normally results from land clearing or land development operation for a construction project; clean cardboard, paper, plastic, wood, and metal scraps from a construction project; except as provided in Section 403.707(9), F.S., yard trash and unpainted, non-treated woods scraps from sources other than construction or demolition project; scrap from manufacturing facilities that is the type of material generally used in construction projects and that would meet the definition of construction and demolition debris if it were generated as part of a construction or demolition project, including debris from the construction of manufactured homes and scrap shingles, wallboard, siding concrete, and similar materials from industrial or commercial facilities and de minimis amounts of other non-hazardous wastes that are generated at construction or demolition projects, provided such amounts are consistent with best management practices of the construction or demolition industries.
- (e) Recovered materials that are generated and source separated on commercial property
- (f) Excavated fill and earthen material
- (g) Solid Waste and by-products generated from an industrial process
- (h) Liquid, semisolid, or contained gaseous material resulting from domestic, industrial, commercial, mining, agricultural, or governmental operations
- (i) Trash, debris, animal bedding, animal wastes, and other materials resulting from farming, equestrian, or agricultural operations
- (j) Boats, boat motors, and boat trailers
- (k) Disaster debris
- (l) Sludge
- (m) Materials and wastes similar to those listed above, when designated by the Administrator
